Flatwater Kayaking at Umiam lake and other big lakes in Meghalaya

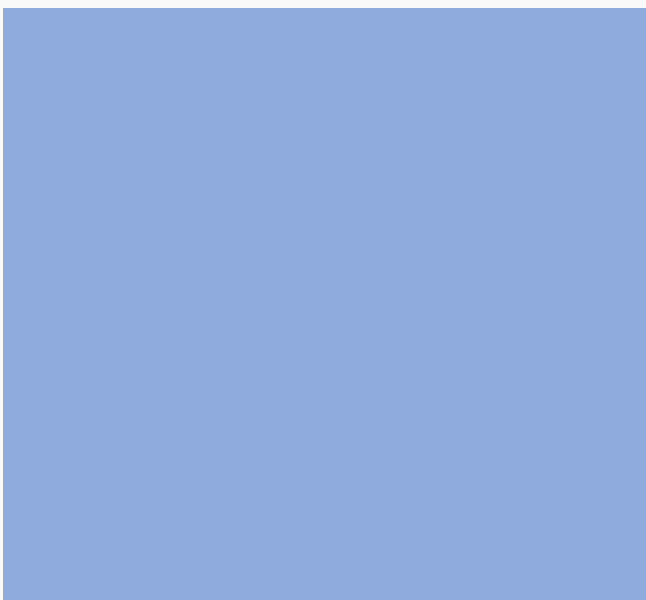

Fossil Treks - Millions of years ago this part of the planet was under the sea. Fossil treks are a fascinating way to catch a glimpse at the natural history by studying formations and fossils.

Tea Tourism Meghalaya is also known and famous for its purely organic tea 'Ulong Tea'. Restricted to a small and scenic region, the tea region is nestled in beautiful ridges and hills. During a tea tour, you can take a stroll through the rows, help the locals pluck tea leaves and taste the fresh brews. There are many more attractions nearby - waterfalls, unique fauna and flora and many other sights.

Heritage Tours - Meghalaya is known for its history and indigenous cultures. Heritage tours will take you through ancient ruins, megalithic cultures, heritage sites. Learn about the Khasi culture, the practices of the people and their connections with the other tribes and people of the world. You will get to visit sacred groves, community preserved forests and other heritage sites.

Living Root Bridges Meghalaya has many root bridges, a result of bio engineering that involves taming the roots of the rubber tree to form a bridge. These are part of ancient trade routes and connect locals to their plantations and fields in rugged forested terrain. Visiting them involves an up-close and personal experience with the famed topography and lush jungle.

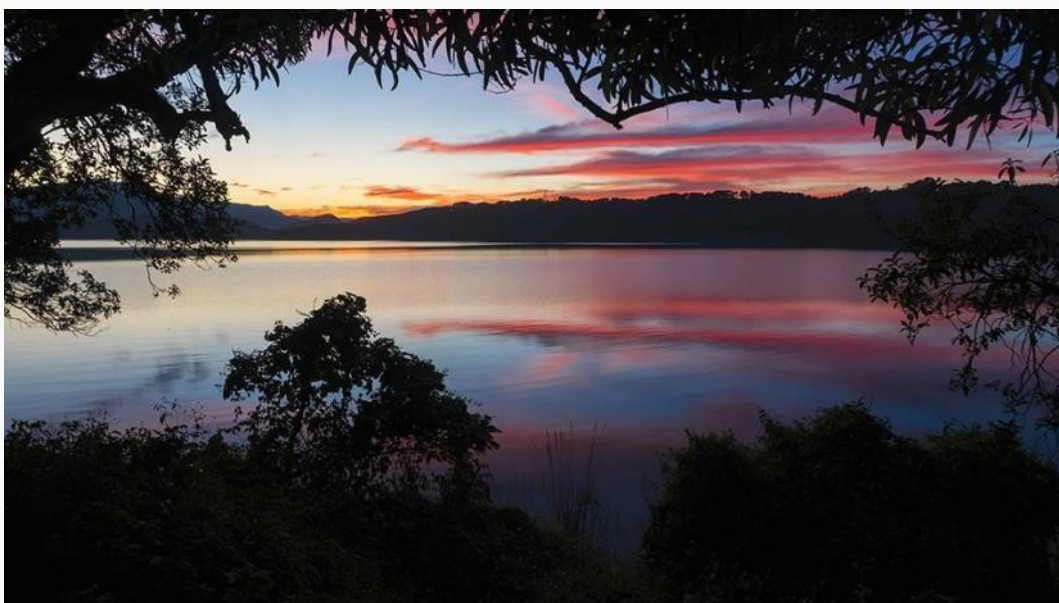

Silk Tours Eri Silk is a fabric of Meghalaya made in a village in the verdant Ri Bhoi District. In the silk villages, you get to witness the rearing of silk worms and the weaving and dyeing of the silk in a natural and traditional way. A silk tour is a package filled with authentic experiences - weaving, village tours and delicious local delicacies prepared by the locals.

Sightseeing Meghalaya has breath taking and mesmerizing landscapes. Waterfalls, hills, forests, rivers, lakes - you name it, we have it all. Experience sightseeing like never before. Get ready to be amazed by the natural wonders of Meghalaya.
