Tura is a prominent town in the state of Meghalaya and serves as the district headquarters of West Garo Hills District. Nestled in the foothills of the Tura Hills, the town lies at an altitude of approximately 657 meters above sea level. Tura derives its name from the surrounding Tura peak, which holds cultural significance for the Garo tribe, the indigenous community of the region. The town is known for its lush greenery, rolling hills, and proximity to rich biodiversity, making it a gateway to several eco-tourism destinations such as Nokrek National Park, a UNESCO Biosphere Reserve.

Tura is also an important administrative and commercial center in western Meghalaya. It is home to several educational institutions and the Northeastern Hill University (NEHU) Tura Campus, contributing to its growing role as an educational hub for the Garo Hills region. The town reflects a unique blend of tribal traditions and modern development, making it a key cultural and economic node in Meghalaya.

With a view to develop necessary infrastructure and improve tourism in the state of Meghalaya, the administrators have been pro-active in identifying infrastructure gaps which may pose hinderance to the tourism landscape of the state. Tourism Development, Government of Meghalaya has the mandate to promote tourism in the state of Meghalaya by showcasing its natural beauty, rich culture, and unique attractions to visitors from around the world. 2.2 Business Potential: Tourism Industry

2.2.1 The global tourism industry: an overview

Tourism sector remains a key contributor to the global economy

The tourism sector globally has emerged as a key contributor to economic and social growth. As per World Travel and Tourism Council (WTTTC), the travel and tourism industry accounted for nearly 10.3% of global GDP and 330 million jobs, or one in 10 people in 2019. The sector grew by 3.5% in 2019, a rate higher than that of the global economy for the ninth consecutive year, thereby enriching local communities at a faster rate than many other sectors.

Over the past five years, as many as one in four new jobs created across the world has been in travel and tourism. The tourism estimates for FY23 indicates strong rebound in terms of tourism arrivals as well as receipt.

Strong recovery from the set back of pandemic observed across continents.

The tourism industry was one of the key sectors to be severely hit by the pandemic situation. However, the sector is experiencing a recovery trend in 2023 which is expected to further strengthen in 2024. Latest data from UNWTO (nine months ending September 2023 tourism arrivals) indicates a strong recovery from the pandemic setbacks with most destinations reaching and some even exceeding the pre pandemic levels (see fig below).

Source: UNWTO Report

While the recovery of Asia and Pacific Region is slow, it is pertinent to note that South Asia has reached a level of 95% of the pre pandemic arrival. The relatively slow recovery in Asia/Pacific is largely attributable to West Asia. Overall, the 2023 tourism arrivals are expected be to the tune of 95% of pre-COVID period.

2.2.2 The Indian tourism industry: an overview

Tourism in India remains a key sector for growth.

In 2019, travel and tourism were one of the largest sectors in the country, accounting for 6.90% of the national GDP (US\$191.3 b). However, due to the COVID-19 pandemic, the sector contribution to GDP dropped to US\$121.9 b in 2020 reflecting a decline of 36.3%. As per WEF's Travel and Tourism Development Index 2021, India is ranked 54th globally, while remaining a top performer in South Asia.

However, post pandemic the sector exhibited strong recovery trends with steady growth in tourism footfalls and spendings. As per the Draft National Tourism Policy 2022 (July 2022) targets, the industry's GDP is projected to reach US\$1t by 2047. In 2019–20, the tourism sector contributed 15% to total jobs in India, with total jobs standing at approximately 80 million. This figure is projected to reach 400 million by 2047.

Meghalaya is blessed with plethora of tourism assets and offers wide variety of experiences for all categories of tourists. The State has witnessed increasing tourist footfalls, and the unique opportunities of Meghalaya hold a lot potential waiting to be tapped. In 2019, the tourist footfall in the State stood at about 12.7 lakhs (including 25,000 foreigners) which decreased to 1.5 lakhs in 2021 due to COVID-19. Pre-pandemic, out of the total tourist visits in 2019, domestic tourist footfalls stood at 12,45, 633 while the number of foreign visitors reached 25,813.

Tourism in Meghalaya has shown an increasing trend, increasing tourist footfalls is an indicator of the achieved growth. This has been possible primarily due to:

- ▶ Proximity of Shillong from Guwahati – among one of the main contributors of footfall in Meghalaya
- ▶ The natural tourism assets of the state (more than 100 identified spots)
- ▶ Changing preferences of the tourists.

As per Meghalaya Tourism Policy 2023, the tourism sector plays a prominent role in providing livelihood opportunities to almost 50,000 people in the State. Since the ban on coal mining in 2014 which eventually resumed in 2019 (except the export of coal), tourism became one of the key contributors to the economy of Meghalaya. It has been estimated that the sector contributes about 4.1% to the State's GSDP. State's tourism budget has been steadily increasing which has led to an increase in tourist footfalls.

The state has an abundance of forest cover ~76% with rich biodiversity (wildlife, sacred forests etc.) - serene landscapes and nature experiences (falls, rivers, lakes etc.) with multiple adventure opportunities (trekking, caving, boating etc.). Additionally, the State's welcoming culture and low crime rate is an advantage compared to other national destinations. States rich tourism assets have created a strong pull factor for the tourists. Meghalaya has over 100 tourist spots almost half of which are in the East Khasi Hill district.

Owing to the rich assets, the tourism landscape of Meghalaya seems like an encouraging destination, even during COVID times. The states assets, combined with the changing preferences of tourists, of visiting off beat locations, not having too much of hustle and bustle, makes Meghalaya an important destination on the tourism map of India. The key drivers of the tourism potential of Meghalaya are as follows.

Connectivity - Tura, located in the western part of Meghalaya, has seen significant improvements in connectivity over recent years. Though more serene and less urbanized than Shillong, Tura is well

connected by road and air. The Shillong–Tura Highway ensures smoother road travel, while the Baljek Airport, located about 30 km from the town, is being developed for future regional air connectivity. Presently, Tura is accessible via Guwahati and Shillong through well-maintained highways, making it an increasingly reachable destination while retaining its offbeat charm.

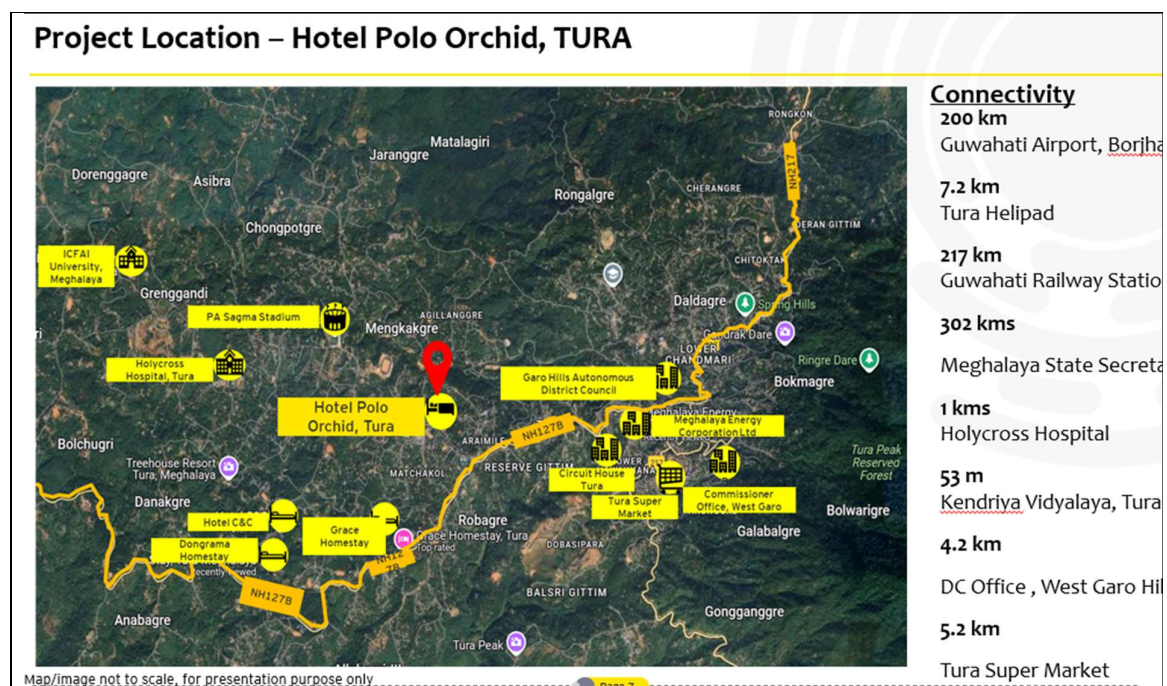

Recognition/ Recall Value – Tura is often referred to as the Cultural Heart of the Garo Hills, nestled at the foothills of the Tura Range. The town enjoys a growing identity as a gateway to eco-tourism and tribal cultural experiences. Surrounded by attractions like Nokrek National Park (a UNESCO Biosphere Reserve), Pelga Falls, and Siju Caves, Tura is increasingly being recognized among nature enthusiasts, wildlife lovers, and cultural tourists. The Wangala Festival, celebrated with traditional Garo music and dance, has also contributed to the town’s rising cultural recall value, particularly among domestic and international travellers seeking authentic experiences..

Changing Preferences of Tourists: The post-pandemic shift in tourism trends has favoured destinations that offer offbeat experiences with meaningful engagement and minimal crowding—Tura fits this preference exceptionally well. With its rich natural heritage, opportunities for trekking, wildlife exploration, and community-based tourism, Tura provides a perfect blend of seclusion and accessibility. The peaceful environment and immersive cultural experiences make it a compelling choice for conscious travellers, digital nomads, and adventure seekers alike.

Safety & Welcoming Culture: Tura, like the rest of Meghalaya, is known for its safety, hospitality, and inclusive atmosphere. The Garo community’s warm and communitarian lifestyle contributes to a secure and welcoming environment, particularly for women travelers and international tourists. The strong social fabric and respect for traditional values coexist harmoniously with modern sensibilities, making Tura an ideal destination for those seeking a safe, respectful, and enriching travel experience.

4. EVALUATION OF BIDS

4.1 Opening and Evaluation of Bids

The received Technical Proposals shall be opened, by the tender opening committee of the Authority, in presence of the Bidders at scheduled time on the Bid Due Date, unless intimated otherwise. The date for opening of Financial Proposals shall be intimated in advance to the Technically Qualified Bidders.

The Authority, reserves the right to reject any Proposal, if

- a) It is not signed, sealed and marked as stipulated in Clause3.14.
- b) The information and documents have not been submitted as requested and in the formats specified in the RFP Document.
- c) There are inconsistencies between the Proposal and the supporting documents.
- d) It does not mention the Proposal Validity Period as set out in Clause3.18.
- e) There are conditions proposed with the Proposal.
- f) It provides the information with material deviations.

For avoidance of doubt, a material deviation or reservation is one:

- a) Which affects in any substantial way, the scope, quality, or performance of the Project, or
- b) Which limits in any substantial way, inconsistent with the RFP Document, the Authority's rights or the Bidder's obligations, or
- c) Which would affect unfairly the competitive position of other Bidders' presenting substantially responsive bids.

To facilitate evaluation of Bids, the Authority may, at its sole discretion, seek clarifications in writing from any Bidder regarding its Bid.

No request for modification or withdrawal shall be entertained by the Authority in respect of such Proposals.

The evaluation and award shall be done in 3 (three) steps as explained below:

Step 1 – Qualification and Shortlisting

Step 1A: Proposals shall be tested for responsiveness as per Test of Responsiveness in Clause4.2.

Step 1B: The Bid / Proposal Security in Envelope–1 shall be checked. Proposals without Bid / Proposal Security shall be rejected.

Step 1C: The submission(s) in Envelope–2 shall be checked.

- ▶ The Technical Capacity and Financial Capacity of the Bidder should be sufficient as per Clause 3.2.6 of this RFP.
- ▶ The bidders meeting the minimum eligibility conditions shall be evaluated based on the technical marking criteria laid down under clause 3.2.6 of this RFP wherein a technical presentation of the proposed Project shall be made by the respective bidders to the Authority.
- ▶ The Proposals not meeting the prescribed criteria as per Clause 3.2.6 will be rejected outright. All Bidders passing Step–I of the evaluation by meeting the minimum eligibility

criteria and with technical marking above the threshold limit will be considered as Technical Qualified Bidders and shall be considered for the next stage.

All Bidders passing Step–I of the evaluation will be considered as Technical Qualified Bidders and shall be considered for the next stage.

Step – 2: Financial Proposal Evaluation and Selection

The Financial Proposals of only those Bidders who have passed Step–1 shall be opened in presence of the nominees of the Authority and Bidders. The Highest Bidder shall be declared as the Selected Bidder / Successful Bidder. Financial Proposals of Bidders who do not qualify the Step–I of evaluation shall not be opened. In this RFP, the term “Highest Bidder” shall mean the Bidder who is offering the highest Bid Variable. Bidders shall be ranked H1, H2, H3, etc. in decreasing order of their financial offers, with H1 being the Bidder quoting the highest Bid Variable. In case two Bidders quote the same Bid Variable, the Bidder having highest technical score will be considered as the Highest Bidder.

4.2 Tests of responsiveness

Prior to evaluation of Bids, the Authority shall determine whether each Bid is responsive to the requirements of this RFP. A Bid shall be considered responsive if:

- a) it is received as per the formats attached in Appendices;
- b) it is received by the Bid Due Date including any extension thereof pursuant to Clause 1.2;
- c) it is signed, sealed, bound together in hard cover and marked as stipulated in Clause 3.14;
- d) it is accompanied by the Bid / Proposal Security as specified in Clause 3.21;
- e) it is submitted as required in the RFP;
- f) it contains all the information (complete in all respects) as requested in this RFP and/or Bidding Documents (in formats same as those specified);
- g) it does not contain any condition or qualification; and
- h) it is not non-responsive in terms hereof.

The Authority reserves the right to reject any Bid which is non-responsive and no request for alteration, modification, substitution or withdrawal shall be entertained by the Authority in respect of such Bid. Provided, however, that the Authority may, in its discretion, allow the Bidder to rectify any infirmities or omissions if the same do not constitute a material modification of the Bid.

4.3 Selection of Bidder

Subject to the provisions of Clause 3.13, the Bidder whose Bid is adjudged as responsive in terms of Clause 4.2, who meets the Eligibility Criteria as per Section 3.2.6 and who is declared as the Highest Bidder as per Section 2.5., shall ordinarily be declared as the selected Bidder (the “Selected Bidder” or “Successful Bidder”). In the event that the Authority rejects or annuls all the Bids, it may, in its discretion, invite all eligible Bidders to submit fresh Bids hereunder

In the event that two or more Bidders quote the same amount of Bid Variable (the “Tie Bidders”), the Authority shall select the Bidder basis process outlined in Clause 4.1. In the event that the Highest Bidder withdraws or is not selected for any reason in the first instance (the

“first round of bidding”), the Authority may either cancel the bid process or alternately, invite all the remaining Bidders to revalidate or extend their respective Bid / Proposal Security, as necessary, and match the Bid of the aforesaid Highest Bidder (the “second round of bidding”). If in the second round of bidding, only one Bidder matches the Highest Bidder, it shall be the Selected Bidder. If two or more Bidders match the said Highest Bidder in the second round of bidding, then the Bidder whose Bid was higher as compared to other Bidder(s) in the first round of bidding shall be the Selected Bidder. For example, if the third and fifth highest Bidders in the first round of bidding offer to match the said Highest Bidder in the second round of bidding, the said third highest Bidder shall be the Selected Bidder.

In the event that no Bidder offers to match the Highest Bidder in the second round of bidding as specified above, the Authority may, in its discretion, invite fresh Bids (the “third round of bidding”) from all Bidders except the Highest Bidder of the first round of bidding, or annul the Bidding Process, as the case may be. In case the Bidders are invited in the third round of bidding to revalidate or extend their Bid / Proposal Security, as necessary, and offer fresh Bids, they shall be eligible for submission of fresh Bids provided, however, that in such third round of bidding only such Bids shall be eligible for consideration which are higher than the Bid of the second highest Bidder in the first round of bidding.

After selection, a Letter of Award (the “LOA”) shall be issued, in duplicate, by the Authority to the Selected Bidder and the Selected Bidder shall, within 7 (seven) days of the receipt of the LOA, sign and return the duplicate copy of the LOA in acknowledgement thereof. In the event the duplicate copy of the LOA duly signed by the Selected Bidder is not received by the stipulated date, The Authority may, unless it consents to extension of time for submission thereof, appropriate the Bid / Proposal Security of such Bidder as Damages on account of failure of the Selected Bidder to acknowledge the LOA, and the next eligible Bidder may be considered.

After acknowledgement of the LOA as aforesaid by the Selected Bidder, the Authority shall cause the Concessionaire to execute the Concession Agreement within the period prescribed in Clause 1.2. [seems to be arbitrary. Advisable to be removed. The Authority will always have the authority for seeking amendments]

4.4 Avoidance of Contact during Bid Evaluation

Bids shall be deemed to be under consideration immediately after they are opened and until such time the Authority makes official intimation of award/ rejection to the Bidders. While the Bids are under consideration, Bidders and/ or their representatives or other interested parties are advised to refrain, save and except as required under the Bidding Documents, from contacting by any means, the Authority and/ or their employees/ representatives on matters related to the Bids under consideration.

4.5 Bids of other Bidders

The Authority shall return the Bid/ Proposal Security received from the Bidders who have not qualified in Step-I of the evaluation, within 60 (sixty) days of opening of the Technical Proposal. The Bid / Proposal Security shall be returned without payment of any interest.

5. FRAUD AND CORRUPT PRACTICES

5 Fraud and Corrupt Practices

The Bidders and their respective officers, employees, agents and advisers shall observe the highest standard of ethics during the Bidding Process and subsequent to the issue of the LOA and during the subsistence of the Concession Agreement. Notwithstanding anything to the contrary contained herein, or in the LOA or the Concession Agreement, the Authority may reject a Bid, withdraw the LOA, or terminate the Concession Agreement, as the case may be, without being liable in any manner whatsoever to the Bidder or Concessionaire, as the case may be, if it determines that the Bidder or Concessionaire, as the case may be, has, directly or indirectly or through an agent, engaged in corrupt practice, fraudulent practice, coercive practice, undesirable practice or restrictive practice in the Bidding Process. In such an event, the Authority shall be entitled to forfeit and appropriate the Bid / Proposal Security or Performance Security, as the case may be, as Damages, without prejudice to any other right or remedy that may be available to the Authority under the Bidding Documents and/ or the Concession Agreement, or otherwise.

Without prejudice to the rights of the Authority under Clause 5 hereinabove and the rights and remedies which the Authority may have under the LOA or the Concession Agreement, or otherwise if a Bidder or Concessionaire, as the case may be, is found by the Authority to have directly or indirectly or through an agent, engaged or indulged in any corrupt practice, fraudulent practice, coercive practice, undesirable practice or restrictive practice during the Bidding Process, or after the issue of the LOA or the execution of the Concession Agreement, such Bidder or Concessionaire shall not be eligible to participate in any tender or RFP issued by the Authority during a period of 2 (two) years from the date such Bidder or Concessionaire, as the case may be, is found by the Authority to have directly or indirectly or through an agent, engaged or indulged in any corrupt practice, fraudulent practice, coercive practice, undesirable practice or restrictive practices, as the case may be.
